1. Aims

This policy aims to ensure that:

- Suitable education is arranged for pupils on roll who cannot attend school due to health needs
- Pupils, staff and parents understand what the school is responsible for when this education is being provided by the local authority

2. Legislation and guidance

This policy reflects the requirements of the [Education Act 1996](#).

It also based on guidance provided by our local authority.

3. The responsibilities of the school

3.1 If the school makes arrangements

Initially, the school will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school.

- SLT will be responsible for organising work
- The use of Google Classroom will be encouraged. Work can also be sent home
- Weekly review meetings will occur with parents/ child to monitor progress/ accessibility
- Children will be re-integrated through ongoing discussions with the parent.carer and child. A phased return will be planned and reviewed daily

3.2 If the local authority makes arrangements

If the school can't make suitable arrangements, Surrey County Council will become responsible for arranging suitable education for these children.

You may want to add more details about how and when your local authority would take over responsibility, such as:

- The Headteacher will decide if the arrangements are 'suitable'

- Discussions with the Inclusion Officer will be held to engage the Local Authority

In cases where the local authority makes arrangements, the school will:

- Work constructively with the local authority, providers, relevant agencies and parents to ensure the best outcomes for the pupil
- Share information with the local authority and relevant health services as required
- Help make sure that the provision offered to the pupil is as effective as possible and that the child can be reintegrated back into school successfully
- When reintegration is anticipated, work with the local authority to:
 - Plan for consistent provision during and after the period of education outside the school, allowing the pupil to access the same curriculum and materials that they would have used in school as far as possible
 - Enable the pupil to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school)
 - Create individually tailored reintegration plans for each child returning to school
 - Consider whether any reasonable adjustments need to be made

4. Monitoring arrangements

This policy will be reviewed annually by Mrs Mercy Atkins, Headteacher. At every review, it will be approved by the full governing body.

5. Links to other policies

This policy links to the following policies:

- Accessibility plan
- Supporting pupils with medical conditions
