- Anti-bullying 'Menu of Support' for Surrey Schools
- Surrey Guidance on Anti-Bullying
- Prevent Guidance
- Safer Surrey
- PSHE and Citizenship curriculum
- RSE guidance
- Model safeguarding
- Drug and alcohol awareness
- Healthy schools

- Index for Inclusion
- Preventing and Tackling Bullying (DfE 2017)

Introduction

At Riverview CofE Primary and Nursery School we aim to provide a safe, loving and friendly environment for all our pupils to allow them to learn effectively, improve their life chances and help them maximise their potential. The school is founded on these Christian foundations.

We would expect pupils to feel safe in school, including an understanding of the issues relating to safety, such as bullying. We also want them to feel confident to seek support from school should they feel unsafe or concerned

Every child should be able to learn in a school environment free from bullying of any kind and in which they feel safe and supported. There is no place for bullying in our schools and communities and each of us involved in education has a role in creating a culture in schools where bullying is not tolerated (Safe to Learn 2007)

At Riverview, the definition of bullying is the NSPCC's definition

Bullying is when individuals or groups seek to harm, intimidate or coerce someone who is perceived to be vulnerable (Oxford English Dictionary, 2021).

It can involve people of any age, and can happen anywhere – at home, school or using online platforms and technologies (cyberbullying). This means it can happen at any time.

Bullying encompasses a range of behaviours which may be combined and may include the behaviours and actions we have set out below.

Bullying can be a form of discrimination, particularly if it is based on a child's disability, race, religion or belief, gender identity or sexuality.

Verbal abuse: <ul style="list-style-type: none">• name-calling• saying nasty things to or about a child or their family.	Physical abuse: <ul style="list-style-type: none">• hitting a child• pushing a child• physical assault.
Emotional abuse: <ul style="list-style-type: none">• making threats• undermining a child• excluding a child from a friendship group or activities.	Cyberbullying/online bullying: <ul style="list-style-type: none">• excluding a child from online games, activities or friendship groups• sending threatening, upsetting or abusive messages• creating and sharing embarrassing or malicious images or videos• 'trolling' - sending menacing or upsetting messages on social networks, chat rooms or online games• voting for or against someone in an abusive poll

	<ul style="list-style-type: none">• setting up hate sites or groups about a particular child• creating fake accounts, hijacking or stealing online identities to embarrass a young person or cause trouble using their name.
--	---

How does bullying differ from teasing/falling out between friends or other types of aggressive behaviour?

- There is a deliberate intention to hurt or humiliate.
- There is a power imbalance that makes it hard for the victim to defend themselves.
- It is usually persistent (isolated cyberbullying incidents may be seen as one-off incidents but if sent to a range of pupils would be seen as bullying)
- Friendship fall outs are seen as accidental, occasional, no power imbalance or hierarchy, those involved show remorse and want to resolve the situation – this is different to isolating or excluding children from groups

Principles that underpin the policy

For pupils who experience bullying that:

- They are heard
- They know how to report bullying and get help
- They are confident in the school's ability to deal with bullying, and feel happy and comfortable with any plans that are put in place
- Steps are taken to help them feel safe again
- They are helped to rebuild confidence and resilience
- They know how they can get support from others.

For pupils who engage in bullying behaviour that:

- Learning programmes and strategies hold them to account for their behaviour and help them to face up to the harm they have caused
- They will learn to behave in ways which do not cause harm in future, because they have developed their emotional skills and knowledge
- They will learn how they can take steps to repair the harm they have caused
- They will have any safeguarding issues, around their circumstances, addressed

- School is aware of other circumstances and situations that may be influencing the child's behaviour

For schools:

- The whole school community is clear about the anti-bullying stance the school takes
- Pupils, as well as staff and other members of the school, are fully engaged in developing and reviewing anti-bullying work in the school
- Occurrences are recorded and audited, anti-bullying work is monitored, and every chance is taken to celebrate success
- All pupils are clear about the roles they can take in preventing bullying, including the role of bystanders
- The school promotes a climate where bullying and violence are not tolerated and cannot flourish
- Curriculum opportunities are used to address bullying
- Peer support systems are in place to prevent and respond to bullying
- The school has addressed site issues and promotes safe play areas
- All staff are aware, and model positive relationships
- The school works in partnership with parents, other schools, and with Children's Service and community partners to promote safe communities.
- That inclusive values are promoted and underpin behaviours and school ethos

For Parents / Carers

- They are clear that the school does not tolerate bullying
- They know how to report and get help if they are concerned that their child is being bullied or does not feel safe to learn, and are clear about the complaints procedure
- They have confidence that the school will take any complaint about bullying seriously and investigate/resolve as necessary and that the school systems will deal with the bullying in a way which protects their child
- They are clear about ways in which they can complement the school on the anti-bullying policy or procedures.

Definition of Bullying

DofE definition of bullying from 'Preventing and Tackling Bullying' (October 2014)
"Bullying is behaviour by an individual or group, **repeated over time, that intentionally hurts another individual or group either physically or emotionally**. Bullying can take many forms (for instance, cyber-bullying via text messages, social media or gaming, which can include the use of images and video), and is often motivated by prejudice against particular groups, for example on grounds of race, religion, gender, sexual orientation, special educational needs or disabilities, or because a child is adopted or has caring responsibilities. It might be motivated by actual differences between children, or perceived differences."

The Anti-Bullying Alliance (ABA) defines **bullying** as "the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. **Bullying** can be physical, verbal or psychological. It can happen face-to-face or through cyberspace." (ABA 2014).

An incident may be deemed to be bullying even if the behaviour has not been repeated or persistent – if it fulfils the descriptions of bullying.

These roles are explored and discussed through PHSE lessons. The roles are explained and children are taught how to deal with bullying if they find themselves in one of these roles.

Procedures

At Riverview CofE Primary and Nursery School we have developed a consistent approach to recording and monitoring bullying incidents in the school, and evaluating whether these approaches are effective. All reported incidents will be taken seriously and investigated involving all parties.

Outline of the steps the school will take:-

- Interviewing all parties and recording information
- Talking to peers within the class or other classes
- Talking to staff – lunchtime team/ class teachers/ support staff
- Review CCTV footage in and around the school
- Informing parents
- A range of responses appropriate to the situation: - solution focused, restorative approach, circle of friends, individual work with victim, perpetrator, referral to outside agencies if appropriate

- Referral to Behaviour Policy and school consequences and how these may be applied including what actions may be taken if bullying persists:-
 - Clear specific reminder of expected behaviours
 - In KS2 a yellow warning is given for breaking the Golden Rules. The child's initials will be recorded on the board under the yellow card column. Teachers monitor the child and as soon as he/she makes a good choice, the initials are removed
 - If the child breaks the Golden Rule while they have a yellow warning it is deemed to be a deliberate wrong choice. The yellow warning will be turned to a red and the child will lose 5 minutes of Golden Time. This will be recorded under the red card column on the board in class. This is recorded on a class sheet to track loss of Golden Time
 - **If the behaviour continues the child will be sent to 'triage' with designated key worker (appendix 2)**
 - If the behaviour continues the child will be sent to Assistant Headteachers/EYFS Leader (if these senior leaders are teaching in class, the child can be sent to one of these classes)
 - If the behaviour continues the child will be sent to the headteacher
 - If a child loses all 30 minutes of Golden Time, they complete a contract with the class teacher to earn back half of their Golden Time
 - Parents informed/meetings arranged in cases of persistent mis-behaviour
 - Behaviour logged on CPOMS to identify patterns in behaviour
 - Internal exclusion
 - Fixed term exclusion
 - Liaison with external agencies
 - Permanent exclusion
- Responses and support may vary dependent on the type of bullying – (emotional may need counselling/ ELSA support. Online bullying may need parenting support on setting up systems on devices or at home)
- Follow up of an incident (to be recorded and reviewed at regular intervals) especially keeping in touch with the person who reported the situation, parents/carers
- Support for **ALL** involved in the bullying incident (buddying/Circle Time/Bubble Time/Key Worker/Assemblies/Split break/lunch)
- Contacting outside agencies for support (e.g Surrey STIP teams/EP team)
- Contacting the Police (see D of E Guidance on Criminal Law re: Hate Crime) or DSL
- Should a complaint arise at any point regarding how the bullying is being tackled, then the school will refer to the Complaints Procedure

Recording Bullying and Evaluating the Policy

Bullying incidents will be recorded by the member of staff who deals with the incident and this will be notified to and held by the Anti-bullying coordinator (Mrs Mercy Atkins - Headteacher)

Bullying is recorded on our electronic system (CPOMS).

The information we hold will be used to ensure individual incidents are followed up. It will also be used to identify trends and inform preventative work in school and development of the policy by the Senior Leadership Team. The data is reviewed termly by the Headteacher and Governing Body.

This information will be presented to the governors in an anonymous format as part of the termly and annual reports.

The policy will be reviewed and updated annually. The policy review will be linked to the School Improvement Plan, working towards a more inclusive and harmonious ethos across the school community.

Policy review date: Annually September 2023
